## **4LM JLNL Cyber Security Operational Technology works 2025**

Transport for London

UK1: Pipeline notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-026296

Procurement identifier (OCID): ocds-h6vhtk-05226f ([view related notices](#))

Published 23 May 2025, 1:09pm

### **Scope**

### **Reference**

WS2549661750

### **Description**

LUL intend to install Cyber Security monitoring equipment on all OT 'Operational Technology' systems across the railway, including signalling systems. This involves connecting into computer networks such as the Hitachi Rail SMC to monitor for any suspicious or unauthorised access or activity on these systems. To do this would require connecting non-Hitachi Rail equipment into the Hitachi Rail computer networks thus would need Hitachi Rail to assess and 'approve' of such changes to the system design.

## **Contract dates (estimated)**

- 1 August 2025 to 31 July 2027
- 2 years

## **Main category**

Services

## **CPV classifications**

- 72000000 - IT services: consulting, software development, Internet and support
