VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Urgent works required that eliminate the capability to fairly and openly transact a procurement. Means do not justify a Regulation 32 procedure, thus extension of existing contract provisions have been utilised to meet emerging, urgent requirements.

Delay to repair and replacement of existing requirements would incur significant cost to National Highways.

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)
