Out of Service Extension Programme for Merlin Assessment Phase

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- No tenders or no suitable tenders/requests to participate in response to restricted procedure

Explanation:

The Secretary of State for Defence has entered into a contract with Lockheed Martin to undertake a full review of and validation of the obsolescence issues anticipated to arise in with the airframes and equipment together with the associated training aids in the 2030+ timescale in order to extend the Out of Service date of the Merlin Mk2 and Mk4/4a aircraft.

In accordance with regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this procurement falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that the award of the contract without prior publication of a contract notice in the UK e-notification service (in accordance with the relevant legislation) is lawful in accordance with regulation 16(1)(a)(ii) because Lockheed Martin have the specific know-how, tools and equipment and access to the technical drawings, publications and manufacturing data pertaining to the relevant Merlin Mk2 aircraft to fulfil all the contractual requirements.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
