Description

Please note, this is a Pipeline notice only for ESPO contracts/frameworks that are forecast to be re-procured or new procurement projects that are expected to be undertaken. The details captured are therefore only provided as an estimate, and no further information other than as captured can be provided at this time.

For all current ESPO opportunities, please visit <https://www.eastmidstenders.org/>.

This Pipeline notice is being published to alert the supplier market that ESPO expects to establish a Framework for the provision of wholesale electricity supplies, with ESPO acting as an intermediary to buy electricity in the wholesale market on behalf of customers from across the public sector (procurement and the Tender notice is currently scheduled for next year, 2026).

This will seek to replace the current version of this framework 191_24, upon its expiry, the award details for which may be viewed as follows:
