Engagement

Engagement deadline

20 June 2025

Engagement process description

Suppliers are required to register and complete the relevant stages on the Central Digital Platform if they wish to participate in or bid for this framework. Tender Submission deadlines cannot be extended to allow for late supplier registrations to the CDP.

Tenderers should be aware that CDP registration could be a prolonged process. How to register on the CDP can be found using the following link:

<https://www.gov.uk/government/publications/procurement-act-2023-short-guides/suppliers-how-to-register-your-organisation-and-first-administrator-on-find-a-tender-in-three-easy-steps-html>.

The Request for Information (RFI) documents are available on the EastMidsTenders Procurement Portal and the submission deadline is 2nd May 2025 at 12.00pm (noon). Suppliers wishing to participate must first register interest for 3S_26 on the Portal (further details on expressing your interest are captured below).

The RFI is captured within a Public Message on the Portal and suppliers are expected to follow the instructions for completing the RFI as per this Public Message and as detailed within the RFI itself.

Suppliers are being engaged with to determine:

- If there have been any changes or developments within the market
- Feedback on ESPO's proposed procurement methodology
- Any potential risks within the market etc.
- Feedback on our proposed procurement strategy

Following on from the RFI exercise, 1-2-1 preliminary market engagement sessions will only take place with those suppliers that have provided responses to questions that ESPO consider require additional information or clarification to further inform the procurement process.

It is anticipated that Suppliers taking part in the preliminary market engagement will not be put at an unfair advantage when bidding for this framework. For the avoidance of doubt those not participating in the engagement piece will still be able to tender for the

framework and it will not mean they are excluded from tendering.

A record of the information shared and received as part of the preliminary market engagement will be kept ensuring that the information gathered is considered in the procurement. An anonymised summary of the information/outcomes will also be shared with other parties and used to help ensure that participating suppliers are not unfairly advantaged.

For the purposes of this Preliminary market engagement (PME), please express your interest as follows:

(a) Go to <https://www.eastmidstenders.org/>; (b) Register (if not already registered on ProContract); (c) Search for tender opportunity '3S_26' (via "View Opportunities" from the EastMidsTenders Portal); d) Express an interest.

Please access the Messages area/section of the eProcurement Portal (ProContract / EastMidsTenders - Messages can be accessed via the Activity dashboard once an Expression of interest has been completed) for any further communications on this preliminary market engagement, including the RFI documentation (please note that deadline for the completion of the RFI has now passed).

In the case of any questions or clarifications relating to this PME, these should also be submitted to ESPO as a Message on the eProcurement Portal (again once an Expression of interest has been completed).
