**I.4) Type of the contracting authority**

Other type

Compliance with grant funding agreement

**I.5) Main activity**

Other activity

Research & Development

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Joule Phase 2b Tower Demonstrator

#### **II.1.2) Main CPV code**

- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

ORE Catapult Development Services Limited is a subsidiary of Offshore Renewable Energy Catapult, and for the purpose of this requirement, ORE Catapult are facilitating the procurement process on behalf of ODSL. Any subsequent contract award from this process will be issued by ODSL.

The Joule team, ORE Catapult Development Services Limited (delivered by Offshore Renewable Energy Catapult) and National Composite Centre, are working on behalf of the Department of Energy Security and Net Zero. The team has the requirement to demonstrate innovations in wind turbine technology to decrease the cost of energy. The focus of Joule Phase 2b is a series of innovations to enable composite turbine towers.

The Joule team intends to procure three (3) prototypes of the composite tower, which will be tested to demonstrate the innovative technologies.

ODSL is conducting market research to identify what service options are available. Your feedback will be utilised to develop the commercial strategy and scope of works for the requirement.

This PIN Notice and questionnaire is for information gathering and market engagement purposes only. This market research is not a call for competition.

Please note that participating in market research it is not a guarantee or commitment by ODSL of any potential business. Any external services that are procured shall be actioned by a procurement process that complies with ODSLs procedures.

### **II.1.5) Estimated total value**

Value excluding VAT: £450,000

### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

### **II.2.4) Description of the procurement**

ORE Catapult Development Services Limited is a subsidiary of Offshore Renewable Energy Catapult, and for the purpose of this requirement, ORE Catapult are facilitating the procurement process on behalf of ODSL. Any subsequent contract award from this process will be issued by ODSL.

The Joule team, ORE Catapult Development Services Limited (delivered by Offshore Renewable Energy Catapult) and National Composite Centre, are working on behalf of the Department of Energy Security and Net Zero.
