## Description

City of Wolverhampton Council (CWC) is preparing to commission specialist support services for victims of domestic abuse, including children. Informed by best practice, the new services will respond to local need and recognise the rich diversity of the city.

In accordance with Part 4 of the Domestic Abuse Act 2021, the new services will respond to the duty on local authorities to provide support for all victims of domestic abuse and their children within safe and 'relevant' accommodation.

They will also be expected to make a key contribution to Wolverhampton's response to children affected by domestic abuse as victims in their own right, as set out in the Act (2021).

Consideration is being given to the division of lots, with configuration to be determined.
