The grant will better address the increasing complexity of their substance misuse treatment and recovery needs. The City has agreed to act as the lead commissioner for this Programme using the grant funding obtained.

The City invites Tenders from a Lead Provider with relevant qualification, skill and experience for the provision of ten abstinence-based intermediate rehabilitation beds for people who are moving on from an inpatient detoxification stay. The Service will provide a vital period of support to those who need more time in a setting that will support their abstinence, improve sustained recovery capital and prepare for either further residential/community rehabilitation and step-down housing in the community. The Service will make a critical contribution to the wider strategic intention to end rough sleeping and reduce harm linked to substance misuse.

Due to the procurement timeline, the Service will deliver at least 5 beds at commencement of contract, increasing to 10 beds at end of 6 weeks post-commencement.

The duration of the contract is 12 months, subject to the right of the City (at its sole discretion) to exercise its right to extend the contract by up to 6 months. The maximum length of the contract is therefore 18 months subject to performance and funding availability.
