**Section II: Object****II.1) Scope of the procurement****II.1.1) Title**

(NU/1782) Supply and Installation of a Clinical Data Management System and a Randomisation System

Reference number

DN629737

**II.1.2) Main CPV code**

- 48611000 - Database software package

### **II.1.3) Type of contract**

Supplies

### **II.1.4) Short description**

The scope is for the supply, implementation and support for a Clinical Data Management System and Randomisation System to be used by all members of the NCTU, and by trial teams across multiple clinical sites, nationally and globally. The requirements are for established cloud-based, off the shelf solutions which are in use within clinical trial environments. The systems must be accessed via a web-based interface. The systems must have different user profiles to support the setting up, management and data removal for statistical analysis.

This tender process is divided two lots. Suppliers may submit a bid for one of the lots or both lots. Each Lot will be assessed separately. Lot 1 - Clinical Data Management System and Lot 2 - Randomisation System.

Note no award was made for Lot 2.

### **II.1.6) Information about lots**

This contract is divided into lots: Yes

### **II.1.7) Total value of the procurement (excluding VAT)**

Lowest offer: £600,000 / Highest offer: £2,000,000 taken into consideration

## **II.2) Description**

### **II.2.1) Title**

Clinical Data Mangeement System

Lot No

1

### **II.2.2) Additional CPV code(s)**

- 48814000 - Medical information systems

The contractor is an SME

Yes

### **V.2.4) Information on value of contract/lot (excluding VAT)**

Lowest offer: £600,000 / Highest offer: £2,000,000 taken into consideration

---

## **Section VI. Complementary information**

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**

Newcastle University

Newcastle upon Tyne

Country

United Kingdom

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

Newcastle University will incorporate a minimum 10 calendar day standstill period at the point information on the award of the contract is communicated to tenderers. This period allows unsuccessful tenderers to seek further debriefing before the contract is entered into. Applicants have 2 working days from notification of the award decision to request additional debriefing and that information has to be provided a minimum of 3 working days before expiry of the standstill period. Such additional information should be requested from the address referred to in part 1.1 above. If an appeal regarding the award of a contract has not been successfully resolved, the Public Contracts Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly. Where a contract has not been entered into the Court may order the setting aside of the award decision or order the authority to amend any document and may award damages. If the contract has been entered into the Court may only award damages.
