II.2.4) Description of the procurement

Legible London is a map-based, street-level pedestrian information system that encourages people to walk. The programme comprises an integrated signing and mapping system, which incorporates local identity and branding throughout the Capital.

The contract shall comprise one lot, seeking:

1. The manufacture and supply of Legible London products, including the production of replacement signs, panels and map refreshes;
2. The installation of Legible London products, including necessary procedures for groundworks and permissions (including responsibility for required permits, consents and licenses);
3. The reactive maintenance/making safe and installation of replacement parts and map refreshes of the Legible London wayfinding system;
4. A comprehensive works management data log to track all activities undertaken on Legible London signs, products and replacement parts with regular reporting to TfL.

The proposed framework agreement term is for two (2) years from August 2024 with the option to extend incrementally by up to two (2) years.

II.2.14) Additional information

Transport for London (TfL) is a complex organisation operating as a functional body of the Greater London Authority (GLA) under the direction of the Mayor of London as a provider of multiple modes of transport services across London.
