VI.3) Additional information

Criteria:

4D.1 Will the bidder be able to produce certificates drawn up by independent bodies attesting that the bidder complies with the required quality assurance standards, including accessibility for disabled persons?

4D.1 Will the bidder be able to produce certificates drawn up by independent bodies attesting that the bidder complies with the required environmental management systems or standards?

Requirements

Quality Management Procedures

1. The bidder must hold a UKAS (or equivalent) accredited independent third party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent),

OR

2. The bidder must have the following:

a. A documented policy regarding quality management. The policy must set out responsibilities for quality management demonstrating that the bidder has, and continues to implement, a quality management policy that is authorised by their Chief Executive, or equivalent, which is periodically reviewed at a senior management level. The policy must be relevant to the nature and scale of the work to be undertaken and set out responsibilities for quality management throughout the organisation.

b. Documented procedures for periodically reviewing, correcting and improving quality performance including processes for ensuring that the bidder's quality management is effective in reducing/preventing incidents of sub-standard delivery. This must include the quality of output and general performance.

1 The Bidder must hold a UKAS (or equivalent) accredited independent third party certificate of compliance with

BS EN ISO 14001 (or equivalent) or a valid EMAS (or equivalent) certificate,

OR

2. The bidder must have the following:

a. A regularly reviewed documented policy regarding environmental management, authorised by the Chief Executive, or equivalent. This policy must include and describe the bidder's environmental emergency response procedures, including the preparedness and response procedures for potential accidents and emergency response situations that give rise to significant environmental impacts (for example hazardous substances spill control).

b. Documented arrangements for ensuring that the bidder's environmental management procedures are effective in reducing / preventing significant impacts on the environment. This should evidence that the bidder's organisation's environmental policy implementation plan provides information as to how the organisation aims to discharge relevant legal responsibilities and provides clear indication of how these arrangements are communicated to the workforce in relation to environmental matters including: sustainable materials procurement; waste management; energy management. This should include the

arrangements for responding to, monitoring and recording environmental incidents and emergencies and complaints.

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 27336. For more information see:
