Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Tanker Services and Other Drainage Services at Leicestershire County Council Waste Transfer Stations and Recycling and Household Waste Sites

Reference number

DN634231

II.1.2) Main CPV code

- 90000000 - Sewage, refuse, cleaning and environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

Scope of the Procurement

The Council operates four Waste Transfer Stations (WTS) at Bardon, Kibworth, Loughborough and Whetstone, and fourteen Recycling and Household Waste Sites (RHWS) with drainage infrastructure ranging from large attenuation tanks, foul water cesspits, septic tanks silt and oil interceptors of varying makes and capacities, to various catchpits sumps and gullies.

Service Commencement will be phased over an initial 6-to-12-month period to establish a regular pattern of programmed scheduled activities. The successful Tenderer will be expected to liaise, cooperate and contribute to the design and establishment of a cost effective and efficient programme to deliver the requirements of the Service.

Scope of the Services

The Services required include:

- Emptying and disposal of effluent from cesspits and cesspool tanks.
- Removal and disposal of oil, solids and contaminated water from interceptors and sumps.

- Removal and disposal of silt from catch pits and channels.
- Removal and disposal of silt from, and cleansing of, yard and road gullies.
- Servicing interceptor tank oil coalescers.
- Unblocking and jetting drains.

II.1.5) Estimated total value

Value excluding VAT: £5,500,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Lot 1 – Emptying Cesspools and Attenuation Tanks

Lot No

1

II.2.2) Additional CPV code(s)

- 90460000 - Cesspool or septic tank emptying services

II.2.3) Place of performance

NUTS codes

- UKF22 - Leicestershire CC and Rutland

II.2.4) Description of the procurement

- Emptying non-hazardous liquid effluent from Cesspool Tanks between 7,300 and 18,000 litres when notified.
- Emptying up to 22,000 litres of potentially hazardous liquid effluent from a Cesspool Tank when notified.

- Emptying non-hazardous foul effluent (sewage) from cesspits up to 18,000 litres when notified.
- Ad hoc removal of liquid effluent from Attenuation Tanks between 22,000 and 1.2 million litres. NB This is considered to be a very rare requirement and the full volume may not need to be removed. Depending on the 'trigger' event, this may be either hazardous or non-hazardous effluent.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

180

This contract is subject to renewal

Yes

Description of renewals

The Council proposes an initial contract term for each lot of five years with an optional extension or extensions of periods between 12 months and five years to a maximum total of fifteen years. No single extension will exceed five years.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 2 –Servicing Interceptors, Servicing & Maintenance of Alarms and Drain Clearing.

Lot No

2

II.2.2) Additional CPV code(s)

- 90460000 - Cesspool or septic tank emptying services

II.2.3) Place of performance

NUTS codes

- UKF22 - Leicestershire CC and Rutland

II.2.4) Description of the procurement

- Removal and disposal of solids (sewage) and some liquid effluent from septic tanks.
- Removal and disposal of solids, oils and contaminated water from interceptors with silt capacities up to 5,000 litres and oil capacities up to 500 litres.
- Removal and disposal of mainly liquid effluent from Catchpits (at Kibworth RHWS/WTS.) This effluent will be specified as hazardous or non-hazardous at the time the Service is requested.
- Routine Service and maintenance of Interceptors, including cleaning and replacement of any coalescers (excluding parts).and disposal of contaminated coalescer medium,
- Ad hoc jetting of on-site drains to remove full or partial blockages down stream of interceptor and septic tanks and up stream of cesspits.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

120

This contract is subject to renewal

Yes

Description of renewals

The Council proposes an initial contract term for each lot of five years with an optional extension or extensions of periods between 12 months and five years to a maximum total of fifteen years. No single extension will exceed five years.
