- 45233000 - Construction, foundation and surface works for highways, roads

II.1.3) Type of contract

Works

II.1.4) Short description

The creation of a new 1.3km dual carriageway link between Motherwell and Ravenscraig including a 4-arm signalised roundabout-arm roundabout, a 3-arm roundabout, shared foot/cycle ways, new street lighting, sustainable urban drainage, amendments to adjoining side roads and hard and soft landscaping

II.1.5) Estimated total value

Value excluding VAT: £21,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45100000 - Site preparation work
- 45113000 - Siteworks
- 45112000 - Excavating and earthmoving work
- 45112300 - Infill and land-reclamation work
- 45233000 - Construction, foundation and surface works for highways, roads
- 45233120 - Road construction works
- 45233130 - Construction work for highways
- 45233160 - Paths and other metalled surfaces
- 45232450 - Drainage construction works

II.2.3) Place of performance

NUTS codes

- UKM84 - North Lanarkshire

Main site or place of performance

The site is located within Motherwell and on part of the site of the former Ravenscraig

steelworks.

II.2.4) Description of the procurement

The procurement is for all works for the creation of a new 1.3km dual carriageway between Motherwell and Ravenscraig. These works comprise the new dual carriageway beginning at a new signalised roundabout at the junction of Airbles Road/Windmillhill Street, and heading northeast and crossing under the West Coast Main Line Railway (WCML) via a road-under-rail bridge and continuing on to connect to the existing roundabout on Robberhall Road, by the Ravenscraig Regional Sports Facility.

The project incorporates new foot/cycleways, crossings for non-motorised users, a new roundabout within Ravenscraig providing for future local road access, new street lighting and signage, sustainable urban drainage and amendments to adjoining side roads.

The works include:

- Design from specimen (to be confirmed subject to outcome of PIN)
- Groundworks and remediation
- Construction of all infrastructure and associated hard and soft landscaping
- Works to side roads including stopping up
- Traffic management and control during works
- Maintenance for period post completion

Note. The WCML bridge crossing structure is being delivered under a separate contract with Network Rail.

The division of works between lots and contracts, the pricing mechanism and the extent of employer engineer's design versus contractor's design are to be determined following responses to this PIN. Consideration is given to splitting in two Lots - Lot 1: Ground & Enabling Works and Lot 2: Main Construction

II.3) Estimated date of publication of contract notice

1 March 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The purpose of this PIN is to gather information that will inform the development of the approach to contract packaging and the use of lots, the approach to employers and engineer's design versus contractor's design and to gauge market interest.

To assist us to tender deliverable and competitively priced contracts we ask that you complete the questionnaire as attached and return by email to Jonathan Speed at speedj@northlan.gov.uk by 12th November 2021.

The Council will ensure that any organisations completing and returning the Questionnaire will be notified of the next stage in the procurement process.

Further information on the project can be seen at:
