Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Defra Farmer and Vet Data Research Partner

II.1.2) Main CPV code

- 73210000 - Research consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

DEFRA is looking for a research partner for a project to explore the extent and type of data collected about on farm activities by a range of vets and also a number of farmers. The research should cover data collection by farmers and by vets practicing on farms dealing with six in-scope species (see below).

This brief is for the purpose of enabling an initial discussion with potential contractors for this work to discuss the work further prior to the issue of formal ITT through the usual bidding processes. The whole process will be governed by our standard processes for dealing with contractors so that the process is open and fair to all possible contractors who may wish to bid. Full details of the process, requirements, timings etc will be included in the formal ITT when issued.

The project will focus on the following 2 areas:

- PART 1: FARMER DATA RESEARCH
- PART 2: VET DATA RESEARCH

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 73300000 - Design and execution of research and development

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

DEFRA is looking for a research partner for a project to explore the extent and type of data collected about on farm activities by a range of vets and also a number of farmers. The research should cover data collection by farmers and by vets practicing on farms dealing with six in-scope species (see below).

3 November 2021

Section IV. Procedure
IV.1) Description**IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

Defra Farmer and Vet Data Research Partner

PRIOR INFORMATION NOTICE and OPEN PRE-MARKET ENGAGEMENT INVITATION

(see MS Teams Link below): 2-November-2021 from 10:00 - 11:00

DgC will host an open pre-market engagement where the project team will go over the technical specification (scope of service) and request audience feedback specifically whether or not the 2 areas of research (farmer data and vet data) should be handled as one large project or divided into 2 completely separate ITT's.

DEFRA is looking for a research partner for a project to explore the extent and type of data collected about on farm activities by a range of vets and also a number of farmers. The research should cover data collection by farmers and by vets practicing on farms dealing with six in-scope species (see below).

This brief is for the purpose of enabling an initial discussion with potential contractors for this work to discuss the work further prior to the issue of formal ITT through the usual bidding processes. The whole process will be governed by our standard processes for dealing with contractors so that the process is open and fair to all possible contractors who may wish to bid. Full details of the process, requirements, timings etc will be included in the formal ITT when issued.

The project will focus on the following 2 areas:

- PART 1: FARMER DATA RESEARCH
- PART 2: VET DATA RESEARCH
