#### **II.2.2) Additional CPV code(s)**

- 90917000 - Cleaning services of transport equipment

#### **II.2.3) Place of performance**

NUTS codes

- UKN - Northern Ireland
- UKN0 - Northern Ireland

#### **II.2.4) Description of the procurement**

Translink have a mixture of 3-brush and 4-brush (roll-over and drive through) bus washes at Translink locations throughout Northern Ireland. A number of these facilities are in need of replacement bus washing equipment. Translink has 20 bus washer systems, of which 18 are scheduled for replacement over the next 5 years. The objectives of the project are to create a multi-supplier call-off dynamic purchasing system [DPS] for the replacement of bus washes in Translink bus depots. The DPS will relate to removal of existing equipment, supply, installation and commissioning of new equipment.

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.8) Duration of the qualification system**

Start date

29 October 2021

End date

31 October 2027

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**

The High Court

Belfast

Country

United Kingdom

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

Precise information on deadline(s) for review procedures: For contracts subject to the EU Procurement legislation, utilities are required to incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification is required to provide full information on the award decision. The standstill period, which is required to be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into.
