Section II: Object

II.1) Scope of the procurement

II.1.1) Title

North of Tyne Business Case for Major Retrofit

Reference number

DN634551

II.1.2) Main CPV code

- 71314300 - Energy-efficiency consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

Housing retrofit programmes require large investment and the appropriate targeting of measures to individual properties to avoid unintended consequence, particularly for fabric measures. In order to develop a realistic, low-risk and cost-effective plan for housing stock retrofit, we are looking to appoint a contractor to deliver the following four components of work:

1. Developing the business model, including resourcing requirements, for a 'one stop shop' (OSS) energy advice centre, ensuring the business model builds on existing good practice. The requirement is for a fully costed delivery model to be developed showing how the service can be financed through income generation, start up grant funding and what gap funding, if any, is required from Local Authorities.
