II.1.3) Type of contract

Services

II.1.4) Short description

The purpose of this competition under Lot 1 “Businesses and supporting people into work” is to invite bids to create and deliver a training provision that will enable people in employment and job seekers to improve their numeracy skills for work.

Bidders are expected to work together with businesses to identify specific numeracy skills required in the workplace. More specifically, bidders are expected to:

- a) work with businesses to develop and deliver training courses that are bespoke to the sector the business operates in, or the business itself.
- b) develop courses aimed at people who cannot apply for certain jobs because of lack of numeracy skills and / or to encourage people to upskill in numeracy in order to access a certain job/ career.
- c) Develop additional relevant maths modules embedded into other vocational courses.

Eligible target learners are adults 19+ who have not previously attained a GCSE Grade 4/C or higher maths qualification. They can either be working towards a maths GCSE or Functional Skills Qualification or need specific numeracy skills for their work or progression.

Expected duration of training courses is between 6 to 10 guided learning hours.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £300,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKH3 - Essex

II.2.4) Description of the procurement

The purpose of this competition under Lot 1 “Businesses and supporting people into work” is

to invite bids to create and deliver a training provision that will enable people in employment and job seekers to improve their numeracy skills for work.

Bidders are expected to work together with businesses to identify specific numeracy skills required in the workplace. More specifically, bidders are expected to:

- a) work with businesses to develop and deliver training courses that are bespoke to the sector the business operates in, or the business itself.
- b) develop courses aimed at people who cannot apply for certain jobs because of lack of numeracy skills and / or to encourage people to upskill in numeracy in order to access a certain job/ career.
- c) Develop additional relevant maths modules embedded into other vocational courses.

Eligible target learners are adults 19+ who have not previously attained a GCSE Grade 4/C or higher maths qualification. They can either be working towards a maths GCSE or Functional Skills Qualification or need specific numeracy skills for their work or progression.

Expected duration of training courses is between 6 to 10 guided learning hours.

Substantive learning (formal or informal) is defined as learning being delivered in two or more hours. All substantive learning will be recorded in the Individualised Learner Record (ILR) monthly. Suppliers will need to submit the ILR directly to the Department for Education. If suppliers do not receive direct ESFA funding, should submit via the ILR input tool. Suppliers will need to provide ECC with a copy of the ILR using an ECC template.

Department for Education (DfE) has confirmed that Multiply training / learning will not be subject to Ofsted inspections.

Outreach activities (a.k.a. non-substantive learning) should not be recorded in the ILR. Instead, the full name, postcode and date of birth should be recorded on a separate return to ECC monthly, which will then be shared by ECC with the Department for Education. It is entirely appropriate for suppliers to collect more information from adults involved in outreach activities to enable them to follow up and market Multiply to those engaged.

Proposed provision under this mini competition must be unique and not a continuation of previously funded programmes that have been awarded under this Dynamic Purchasing System (DPS). If a proposal is found to be an extension of previous funding, ECC reserves the right to reject the proposal.

The maximum cost per learner for this requirement (Lot 1) is £35 per guided learning hour. Please note: if the proposal is found to exceed the maximum cost per learner, ECC reserves the right to reject the proposal.

Bidders may bid above a minimum value of £10,000 and up to a maximum of £100,000 in this mini competition. Please note: if the bid does not fall within this range, ECC reserves the right to reject this proposal.

Minimum number of learners for this mini competition is 29.

All learners must be unique learners and therefore proposed provision should not include the ability for learners to undertake multiple courses within the same Lot. This would not prevent learners undertaking courses funded by different Lots.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 100

Price - Weighting: 0

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds
