No potential or actual conflicts of interest from any individuals were identified in this process.

Bristol, North Somerset, South Gloucestershire ICB reviewed the Specialist medicine services in the Spring 2024 during which a recommendation was endorsed to continue existing services whilst also to award new contracts in locations where services were not available.

A service and provider evaluation of the current providers was reviewed against the 5 key criteria, These criteria are not weighted differently as they are equally important for this service.

- Quality & Innovation
- Value
- Integration, collaboration & service sustainability
- Improving access, reducing health inequalities and facilitating choice
- Social value

The assessment used highlighted how the current provider met each of these objectives. The providers were able to meet the service specification and agreed KPI's which were used to evaluate performance.
