- UKN0E - Lisburn and Castlereagh

Internet address

<http://skipway.com/contact-us>

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

This relates to the variation of an existing contract. Proposed cost increases to the existing contract are attributable to the on-going increasing costs associated with transport and processing (eg fuel, particularly the move from red to white diesel, energy and staffing) which have been fuelled by Brexit and economies restarting following Covid. The Russia/Ukraine war has also exacerbated fuel and energy costs at a global level.

The contract allows for a further and final extension of 12 months from 31 July 2022 to 30 July 2023. The council are content that it is

reasonable to assume that contractors would not have foreseen the current cost increases in delivering services under the contract at

time of tendering.

This direct award is permitted by Regulation 72(1)(c) of the Public Contracts Regulations 2015

(c) where all of the following conditions are fulfilled:—

(i) the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen;

(ii) the modification does not alter the overall nature of the contract;

(iii) any increase in price does not exceed 50% of the value of the original contract or framework agreement.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

This relates to the variation of an existing contract. Proposed cost increases to the existing contract are attributable to the on-going increasing costs associated with transport and processing (eg fuel, particularly the move from red to white diesel, energy and staffing) which have been fuelled by Brexit and economies restarting following Covid. The Russia/Ukraine war has also exacerbated fuel and energy costs at a global level. The council are content that it is reasonable to assume that contractors would not have foreseen the current cost increases in delivering services under the contract at time of tendering.

This direct award is permitted by Regulation 72(1)(c) of the Public Contracts Regulations 2015

(c) where all of the following conditions are fulfilled:—

(i) the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen;

(ii) the modification does not alter the overall nature of the contract;

(iii) any increase in price does not exceed 50% of the value of the original contract or framework agreement.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £620,000

Total contract value after the modifications

Value excluding VAT: £631,786
