To meet Orbit's customers varied employability and skills requirements we are seeking to appoint a supplier to provide a digital platform that will deliver differentiated support. This will be through both customer self-managed and coach led interventions. The platform functionality will need to include as a minimum:

A simple to navigate platform that is engaging, encourages user participation and supports the various levels of user digital competency including from very basic levels.

Customer employability and skills assessment functionality using tools that can evidence the customers starting point and their progression at further stages of their planned/ self-led journey in the platform.

Provide embedded skills, confidence and knowledge growth materials delivered through a suite of readily available employability e-learning and skills sector knowledge banks in various medias to engage varied learning styles.

Provide embedded tools to enable self-led employability activities including interactive CV builders, interview practice portals, confidence building activity Provide skills assessment functionality that matches customer's existing skills sets to transferrable occupations.

Provides sector specific intel and routeway information for customers looking to reskill or

upskill in the growing economies

To host job matching search engines with reputable providers of employment opportunities linking back to the customers' bespoke requirements of preferred job role, location, employment sector and salary expectation directly to the customer.

Measure progression reporting of individuals as they move through the platform at agreed points that is visible and reportable to both the customer and their coach where applicable.

For supported programmes, hold the ability to support caseload management, enabling the updating and reporting of activity. Ability to communicate via the platform with customers and their coaches.

Evaluation surveys bespoke to the programme's requirements at key stages of the customer journey that report the benefit, impact and experience received in their journeys at these points.
