II.1.4) Short description

The North of England Robotic Innovation Centre (NERIC) is a newly formed specialist department within the University of Salford. NERIC is an £18 million project part funded by the European Regional Development Fund and Research England. It will serve as a hub for small to medium-sized companies (SMEs) looking to design, test and validate innovation in the rapidly growing area of robotics, automation, and artificial intelligence. NERIC will support SME's to implement robotic and automation solutions in many different sectors including healthcare delivery and technology development, manufacturing, acoustics, product design, built environment and infrastructure development and maintenance, and many others.

This request for tender is the second of three tranches, aimed at furnishing our food and manufacturing, intelligent mobility, and services laboratories.
