Services

Service category No 3: Defence services, military defence services and civil defence services

NUTS code

- UKK1 - Gloucestershire, Wiltshire and Bristol/Bath area

II.3) Information on framework agreement

The notice involves the establishment of a framework agreement: No

II.4) Short description of nature and scope of works or nature and quantity or value of supplies or services

The LIOS programme delivers the most radical transformation in two decades by introducing the opportunity for a different model for through-life support arrangements. It will support the acceleration and modernisation of the Army to become more agile, more integrated, and more expeditionary in line with Defence and Security Industrial Strategy and Land Industrial Strategy.

Specifically targeting the MoD's support contracts, it broadly seeks better equipment availability and readiness (upkeep), maintained, or improved technical performance through life (regular updates), and a more routine and deliverable programme of capability upgrades.

Following the LIOS market engagement conducted under the PINs published in December 2021 and May 2023, LIOS is now commencing a third round of market engagement which shall focus on discussing and testing the 'LIOS Concept'. It is envisaged that this engagement will begin in October 2024.

Estimated value excluding VAT

£0

Lots

This contract is divided into lots: No

II.5) Common procurement vocabulary (CPV)

- 50630000 - Repair and maintenance services of military vehicles
