- 71315200 - Building consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

To access this tender you must register with the Capital e-sourcing Portal at

www.capitalesourcing.com.

Use the following code to access the tender: ITT_RBKC_17469

As a landlord RBKC is responsible for the repair, maintenance and good management of its buildings and housing stock RBKC is proposing to establish framework agreements for the provision of professional services that will enable it to meet these obligations.

From time-to-time work is required to RBKC's buildings and estates, due to ordinary wear and tear, the finite lifespan of the relevant parts, for compliance with the most up to date standards and regulations, and to otherwise ensure that its housing stock is safe, well managed, in good condition, and meets the needs of residents. To facilitate this work, professional and specialist advice is required to support the internal delivery teams.

The proposed framework agreements are intended to ensure that when, during the coming years, RBKC finds that it is necessary to carry out works to a particular building or estate, arrangements will be in place to call-off and deliver the professional services that will support the safe, timely and cost-effective delivery of works.

RBKC intends that the use of these framework agreements will produce economies of scale and administrative efficiencies, that will enable it to achieve greater value for money for the Council, and for its leaseholders. To that end, RBKC has divided the procurement into

multiple lots so as to mitigate risk, foster competition in the market by promoting tender participation from small and medium size enterprises, and avoid single-supplier dependency.

Prospective tenderers should note that they are only be able to submit a tender for either: Lot 1 only; or any combination of any of the other Lots, excluding Lot 1.

II.1.5) Estimated total value

Value excluding VAT: £85,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Tenderers may bid for any combination of Lots excluding any combination that includes BOTH Lot 1 (Multi-Disciplinary) AND Lot 6 (Principal Designer & CDM).

II.2) Description

II.2.1) Title

Multi-disciplinary Consultancy

Lot No

1

II.2.2) Additional CPV code(s)

- 71220000 - Architectural design services
- 71310000 - Consultative engineering and construction services
- 71312000 - Structural engineering consultancy services
- 71315200 - Building consultancy services

- 71315300 - Building surveying services
- 71324000 - Quantity surveying services
- 71334000 - Mechanical and electrical engineering services
- 71541000 - Construction project management services
- 79994000 - Contract administration services

II.2.3) Place of performance

NUTS codes

- UKI - London
- UKI33 - Kensington & Chelsea and Hammersmith & Fulham

II.2.4) Description of the procurement

The framework agreement established under this lot will be used by RBKC to access and call-off a range of multi-disciplinary construction professional services, to support a variety of projects in Housing Management. Most of the services called off and delivered under the framework agreement for this lot will relate to major works programmes to RBKC housing stock. Works arising from the issue of a typical call-off package might include but are not limited to the following:

- planned or cyclical maintenance including repairs and decorations of external fabric and internal communal areas. The scopes might also include various works to M&E elements, as part of wider major works packages;
- Internal works to tenants homes e.g. Kitchen and bathrooms replacements; and
- upgrades to fabric and services to meet the RBKC Net Zero commitments are to form part of these works.

Suppliers appointed to this lot will usually be required to take the role of lead consultant managing overall service delivery, and other consultants as part of a wider project team.

Typical services delivered under this lot might include, but are not limited to:

Lead consultancy role

Project and Programme Management

Building surveying

Contract Administration/ Employers Agent

Quantity Surveying/Cost consultancy

Feasibility studies, options appraisals, site investigations, technical reports

Architectural and design services

Environmental and Sustainability consultancy

Building services (M&E) consultancy, including lifts

Civil and structural engineering

Principal Designer/CDM coordination

Landscaping design

Acoustic consultancy

Façade engineer

BIM consultancy (BIM Coordinator/Manager)

Building safety compliance (e.g. Asbestos, Fire Safety)

planned or cyclical maintenance including repairs and decorations of external fabric and internal communal areas. The scopes might also include various works to M&E elements, as part of wider major works packages

Internal works to tenants homes e.g. Kitchen and bathrooms replacements

upgrades to fabric and services to meet the RBKC Net Zero commitments are to form part of these works

This lot will usually take the role of lead consultant managing overall service delivery, and other consultants as part of a wider project team.

Typical services delivered under this lot might include but are not limited to:

Lead consultancy role

Project and Programme Management

Building surveying

Contract Administration/ Employers Agent

Quantity Surveying/Cost consultancy

Feasibility studies, options appraisals, site investigations, technical reports

Architectural and design services

Environmental and Sustainability consultancy

Building services (M&E) consultancy, including lifts

Civil and structural engineering

Principal Designer/CDM coordination

Landscaping design

Acoustic consultancy

Façade engineer

BIM consultancy (BIM Coordinator/Manager)

Building safety compliance (e.g. Asbestos, Fire Safety)

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £40,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The framework agreement will be for an initial term of four (4) years with the option to extend for a further two (2) years, resulting in a maximum term of six (6) years. RBKC considers that the circumstances, environment and challenges which RBKC and the construction market face justifies an extended framework agreement. Please see the procurement documentation for more details.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

A maximum number of five (5) suppliers will be appointed to the framework agreement for this Lot.

II.2) Description

II.2.1) Title

Building Services Engineer (M&E Consultancy)

Lot No

2

II.2.2) Additional CPV code(s)

- 71334000 - Mechanical and electrical engineering services

II.2.3) Place of performance

NUTS codes

- UKI - London
- UKI33 - Kensington & Chelsea and Hammersmith & Fulham

II.2.4) Description of the procurement

The framework agreement established for this lot will be used by RBKC to access and call-off a range of Mechanical and Electrical Design Services on projects that typically involve:

- replacement or repair of any mechanical and electrical assets including but not limited to: heating systems, door entry systems, lifts, ventilation systems, gas and electrical supply and distribution, security and alarms, communications networks, pumps, tanks, fire detection and protection and lighting; and
- other works that must be completed on a regular basis e.g., servicing and testing requirements set out in law or maintenance terms where specialist input will be required.

The services required to be delivered under this lot will include

Technical advice

Specialist surveys

Feasibility studies

Specialist design

Technical specifications

Cost consultancy

Contract management

Project management

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £20,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The framework agreement will be for an initial term of four (4) years with the option to extend for a further two (2) years, resulting in a maximum term of six (6) years. RBKC considers that the circumstances, environment and challenges which RBKC and the construction market face justifies an extended framework agreement. Please see the procurement documentation for more details.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

A maximum number of four (4) suppliers to be appointed to the framework agreement for this Lot.

II.2) Description

II.2.1) Title

Structural Engineers

Lot No

3

II.2.2) Additional CPV code(s)

- 71312000 - Structural engineering consultancy services

II.2.3) Place of performance

NUTS codes

- UKI - London
- UKI33 - Kensington & Chelsea and Hammersmith & Fulham

II.2.4) Description of the procurement

The framework agreement established under this lot will be used by RBKC to access and call-off services where any planned works may involve the expertise to investigate the structural elements to ensure structural integrity and building safety is maintained in line with current legislation.

Typical projects where the framework agreement under this lot may be required could include:

Structural remedial works e.g. adding wind posts to walkway parapets, remedial works following the subsidence and introduction of new movement joints to large areas of existing brickwork.

The services required to be delivered under this lot include:

Structural integrity tests, analysis, advice

Structural design and remedial specifications

Feasibility reports

Calculating the loads and stresses of the construction

Site surveys and investigations

Provide reasons for and solutions to cracking, other structural issues

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £2,500,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The framework agreement will be for an initial term of four (4) years with the option to extend for a further two (2) years, resulting in a maximum term of six (6) years. RBKC considers that the circumstances, environment and challenges which RBKC and the construction market face justifies an extended framework agreement. Please see the procurement documentation for more details.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

A maximum number of three (3) suppliers will be appointed to the framework agreement for this Lot.

II.2) Description

II.2.1) Title

Fire Safety Consultancy - Fire Engineer

Lot No

4A

II.2.2) Additional CPV code(s)

- 71317100 - Fire and explosion protection and control consultancy services

II.2.3) Place of performance

NUTS codes

- UKI - London
- UKI33 - Kensington & Chelsea and Hammersmith & Fulham

II.2.4) Description of the procurement

Fire Safety - Consultancy / Fire Engineer

The framework agreement established under this lot will be used by RBKC to access and call-off specialist expertise in relation to the fire safety aspects of works to RBKC Housing property portfolio, to ensure the safety and regulatory compliance of the buildings.

The projects for which this framework agreement may be used might include design, specification development of the fire safety projects such as suppression systems fire alarms, detection systems, ventilation, means of escape, compartmentation strategies.

The services required to be delivered under this lot include:

FRAEW (PAS 9980)

Fire Compartmentation survey, Fire stopping inspections

Fire Strategy/Design development and review

Fire safety technical advice and guidance

Feasibility studies

Building safety case development/building safety act advice

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £3,500,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The framework agreement will be for an initial term of four (4) years with the option to

extend for a further two (2) years, resulting in a maximum term of six (6) years. RBKC considers that the circumstances, environment and challenges which RBKC and the construction market face justifies an extended framework agreement. Please see the procurement documentation for more details.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

A maximum number of three (3) suppliers will be appointed –to the framework agreement for this lot.

II.2) Description
