V.2.3) Name and address of the contractor

The Newcastle upon Tyne Hospitals NHS Foundation Trust

Freeman Hospital, Freeman Road, High Heaton

Newcastle Upon Tyne

NE7 7DN

Country

United Kingdom

NUTS code

- UKC - North East (England)

Justification for not providing organisation identifier

Not on any register

Internet address

<https://www.newcastle-hospitals.nhs.uk/>

The contractor is an SME

No

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £148,000

Section VI. Complementary information

VI.3) Additional information

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.

The publication of this notice marks the start of the standstill period. Representations by providers must be made to decision makers by Friday 6th September.

Address for Written Representations: Daniel.kelly11@nhs.net.

This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.

Details of the Award Decision-Makers: J Bowes, M Coughlin, S Whittlie

Conflicts of Interest: There were no conflicts of interest identified among the decision-makers.

Rationale: The Authority intends to directly award a contract to The Newcastle upon Tyne Hospitals NHS Foundation trust under the Direct Award Process C.

SOTW provide a comprehensive immunology laboratory testing service for Sunderland, Gateshead and South Tyneside hospitals and primary care catchments.

This NHS service requires senior clinical leadership and oversight by a consultant clinician with the appropriate qualifications (FRCPath), experience and expertise to meet the standards for Medical Laboratories as set out in ISO 15189:2022. The service also requires clinicians on a daily basis to review and authorise abnormal results and to provide a clinical advisory service.

Gateshead Health does not have a clinical immunology service (direct patient care) as this is provided by consultants at the regional centre, Newcastle Hospitals.

Without this externally sourced consultant support, the authority would not be able to provide an accredited immunology laboratory service.

This decision to proceed with Direct Award C is based on the following criteria:

- The authority is not required to follow Direct Award A or B.

- The new contract will replace the existing contract upon its expiration.
- The considerable change threshold is not met.
- The existing provider is performing satisfactorily and is expected to continue to do so.
- The provider meets the basic selection criteria.

The new contract will cover immunology laboratory testing service, for a duration of 48 Months and is valued at £148,000.

VI.4) Procedures for review
