II.1.4) Short description

Basingstoke and Deane Borough Council (the council) is committed to providing first class services and facilities which protect our most vulnerable residents.

In 2016 the council undertook a procurement exercise to commission pilot services for social inclusion and homelessness services which could best meet local needs and deliver outcomes. The pilot originally came about following agreement between the council and Hampshire County Council (HCC), whereby grant funding previously attributable to Supporting People was combined with the council's own revenue resources.

Following the successful previous commission and subsequent successful operation of the pilot models the existing contracts will run until 31st March 2023. Following a review of the existing operations and previous commission the council; with agreement with HCC is now looking to commission new contracts for the homelessness and social inclusion services. HCC agreed a reduction in spend on County Council funded Homelessness Support Services in 2022 and to a new grant agreement with Basingstoke and Deane Borough Council for 2023-2026, as such the lot structure and contracts have been re-established for this commission as outlined below.:

Lot 1 - Emergency Access Homelessness Accommodation and Support (maximum grant available £350,000 per annum)

Lot 2 - Targeted Rough Sleeper Outreach, Floating and In-Reach Resettlement Support (maximum grant available of £155,000 per annum)

Lot 3 - Short to Medium Term Accommodation with Support (maximum grant available of £215,000 per annum)

Tenderers can bid for one or more Lots; though each Lot will be evaluated separately, and response documents must be provided for each lot that the tenderer is responding to.

The requirements of services will continue to be funded by Hampshire County Council through a devolved grant to Basingstoke and Deane Borough Council together with funding from BDBC. The services will be funded from 1 April 2023 until 31st March 2026 , subject to any earlier determination by HCC and it is therefore the council's intention to enter into contract(s) with the successful tenderer(s) of each Lot for a period of 3 years. If satisfied with the performance and operation of the contracts; and subject to further annual determinations by HCC the Council may extend the contracts beyond the initial 3 year term by a further period(s) of 12 months for up to a further 3 years. All extensions shall be subject to any earlier determination from HCC following their annual funding review processes.

Lot 3 - Short to Medium Term Accommodation with Support

Maximum amount of grant available £215,000 per annum

The Short to Medium Term Accommodation with Support Service will provide a range of quality accommodation options, working in partnership across the commissioned services to prioritise people moving on from emergency accommodation who still require assistance and flexible support.

Service providers will implement a model of service delivery that will be flexible in meeting the diverse needs of single people in need of housing related support and service providers will develop innovative solutions that maximise use of resources, avoid duplication, reduce bureaucracy and unnecessary process, and improve service access.

The Council is looking:

- for a trusted, experienced landlord to offer flexibility and a positive approach to tenancy management and sustainment.
- to source 45 suitable units of accommodation (*note this is the number of units currently available and whilst tenderers may propose an increase in this if possible, any proposal from tenderers which cannot provide 45 units at the minimum is not acceptable and will not be considered.
- for quality, purpose-built accommodation settings that operate within a psychologically informed framework. At least a third of these units must be located close to Basingstoke town centre for ease of access to other essential support services.

The units will provide additional housing options to people of Basingstoke whilst not taking away from existing stock that could lead to a housing shortage elsewhere in the system.
