Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Prisoner Education Services Panel (Inc. Core Education)

II.1.2) Main CPV code

- 80000000 - Education and training services

II.1.3) Type of contract

Services

II.1.4) Short description

MoJ is establishing a Prisoner Education Services Panel (through a panel agreement). The Panel will be used to call off a range of Prisoner Education Services, including Core Education, Careers, Information and Guidance (CIAG), Libraries, and Physical Education. The initial Call Offs will be for the provision of the new Core Education Services (including prison library services where relevant) for 11 regional Lots. The panel will enable subsequent Call Off Competitions and Contracts.

The core education contracts will be part of the transformed Prisoner Education Services (PES). These contracts will commence delivery in April 2025. Contractors will deliver a curriculum that helps prisoners gain the necessary skills to live an independent life on release, and access opportunities in vocational subject areas to help progression into employment or further education and training. The procurement also covers provision of library services where these are delivered as part of the core education service.

Providers must successfully apply for a place on the Panel in order to be able to be considered for the initial 11 Call Off Contracts for Core Education Services. Bidders should note that although CIAG, Higher Education, Further Education and Physical Education do not form part of the scope of the initial 11 Call Off Contracts to be awarded under the Panel, they do fall within the overall scope of the type of services that may be procured under the Panel, although there are no current / pending plans to hold such Call Off Competitions.

If MoJ wishes to procure services for these additional scope areas, MoJ commit to open the

Panel up to allow new suppliers to apply to join the Panel by the means of publishing an appropriate notice on the Find A Tender. Similar considerations apply for the provision of prison library services which are also within scope of the Panel, and which may, in future, be procured as a distinct requirement for one or more Prisons.

This procurement is run under the Light Touch Regime.

The Authority is using the Jaggaer electronic eSourcing Portal (formerly Bravo) for the procurement. The ITT, which is comprised of a number of volumes, is available only in electronic format via the Portal. Bidders must register the names of all contacts requiring access to the sourcing event and should submit queries via the Portal
