I.2) Information about joint procurement

The contract involves joint procurement

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

SCF Consult 2

Reference number

CC22082

II.1.2) Main CPV code

- 71000000 - Architectural, construction, engineering and inspection services

II.1.3) Type of contract

Services

II.1.4) Short description

Hampshire County Council (HCC) and Devon County Council (DCC) seek suitably experienced and qualified construction / property consultants to tender for this SCF Consult 2 Framework.

The SCF Consult framework provides all project, property, and asset consultancy services to public sector across the SCF geography (as defined in the ITT) and is available to all public sector bodies.

SCF Consult is designed to complement the established SCF Integrated Team approach to delivering Two Stage Open Book (2SOB) projects, and also to enable public authorities to gain access to high quality professional property and asset consultancy services, in a consistent manner.

The framework is intended to deliver every type of construction, property, estates and strategic property support, including but not limited to the below:

- Asset Strategy and Estates Management
- Place Making, Planning & Development
- Valuation, Land Acquisition and Disposals
- Commercial And Cost Management

- Programme And Project Management
- Design And Delivery of Programmes and Projects
- Technical Standards, Assurance and Risk
- Repairs And Maintenance
- Operational Facilities Management

Appointment to the Framework does not guarantee any specific volume of work nor are any minimum volume guarantees offered, services are expected to be delivered across the SCF's

regional area and throughout the value bands.

Whilst pure civil engineering projects are not a key objective of this framework civil engineering disciplines can be delivered as part of a multi-disciplinary appointment.

The framework is arranged into three lots to provide maximum flexibility to contracting authorities.

All lots on the framework cover the entire geography of the framework, and every size of commission. Consultants are expected to service the entire geography of the framework and

support commissions of any size, from small high-level strategic advice commissions to long term developments, strategic partnerships, and programme delivery. It is the expectation

that there will be a need for longer term co-located resources as well as shorter term resources and services provided on a more ad-hoc basis. Requirements could include co-located leaders or individuals integrated into client teams (including client in-house staff) or whole programme/project teams of individuals working remotely or coming to client offices as needed.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £100,000,000

II.2) Description
