For information on how to access your free version of NEC3 or NEC4 during the tender period, please consult the Attachment 1 - About the Framework which is available from the eSourcing tool and Contracts Finder.

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders must be able to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.

Refer to <https://www.ncsc.gov.uk/information/cyber-essentials-faqs> for more information.

Some purchases under this framework Agreement may have requirements that can be met under this Framework Agreement but the purchase of which may be exempt from the Procurement Regulations (as defined in Attachment 1 – About the framework within the invitation to tender documentation). In such cases, Call-offs from this Framework will be unregulated purchases for the purposes of the Procurement Regulations, and the buyers may, at their discretion, modify the terms of the Framework and any Call-off Contracts to reflect that buyer's specific needs.

Registering for access:

This procurement will be managed electronically via the eSourcing suite. This will be the route for sharing all information and communicating with bidders. If you have recently registered on the eSourcing suite for another CCS procurement you can use the same account for this new procurement. If not, you will first need to register your organisation on the portal.

Use the following link for information on how register and use the eSourcing tool:
<https://www.gov.uk/government/publications/esourcing-tool-guidance-for-suppliers>

For assistance please contact the eSourcing Help desk operated by email at eEnablement@crowncommercial.gov.uk or call 0345 410 2222.

All bidders can bid for all Lots. However, you can only be awarded a place on 2 of the 3 value banded Lots, within each of the Lot groups (Total FM, Hard FM, Soft FM).

Therefore in the event that you are successful in all 3 value banded Lots within a given Lot group, you will need to confirm your preferences as part of the framework submission.

Should you then be successful in all value bands with a Lot group, your preferences will be used to determine your preferred choice.

At Part 12 of Attachment 2a - Selection Questionnaire, CCS has included criteria to assess compliance with PPN 04/15 Past Performance (applicable to Lots 1b and 1c only). CCS will also assess whether this selection criterion is met on request from the framework agreement user prior to the proposed conclusion of a call-off agreement with a value of £20 million or greater (excluding VAT). Failure to meet the selection criteria will render the Supplier ineligible for that call-off agreement.
