Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Collaborative Delivery Framework 2 (CDF2)

II.1.2) Main CPV code

- 45220000 - Engineering works and construction works

II.1.3) Type of contract

Works

II.1.4) Short description

The Environment Agency (EA) is seeking expressions of interest and pre-market engagement from suppliers for its Collaborative Delivery Framework (CDF) 2.

CDF2 will deliver asset management activities across the whole of the EA's asset base including Flood and Coastal Risk Management, Navigation and Water Land and Biodiversity assets. The framework will provide both technical consultancy services and construction works that support the EA's asset management, maintenance, refurbishment and construction programmes of work. The Framework will be required to develop, design and deliver nature based solutions and more traditional hard engineering based solutions. The framework will be used for construction projects in the range of £1m to ~£75m (upper limit TBC). Construction services will likely be split across multiple value lots.

Interested suppliers are invited to complete the short Pre-Market Engagement Questionnaire, with submissions no later than 10am on the 17th of September 2024. Please note this is different to the questionnaire issued in March 2024. This August 2024 questionnaire survey is specifically targeted towards construction suppliers. While it is still our assumption that CDF2 will include consultancy services, consultancy suppliers are not required to complete this survey. Ahead of commencing with the formal tender process, we will conduct further market engagement with all interested parties.

For access to the new questionnaire please contact: cdfreplacement@defra.gov.uk

II.1.5) Estimated total value

Value excluding VAT: £3,000,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 71530000 - Construction consultancy services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Environment Agency (EA) is seeking expressions of interest and pre-market engagement from suppliers for its Collaborative Delivery Framework (CDF) 2.

CDF2 will deliver asset management activities across the whole of the EA's asset base including Flood and Coastal Risk Management, Navigation and Water Land and Biodiversity assets. The framework will provide both technical consultancy services and construction works that support the EA's asset management, maintenance, refurbishment and construction programmes of work. The Framework will be required to develop, design and deliver nature based solutions and more traditional hard engineering based solutions. The framework will be used for construction projects in the range of £1m to ~£75m (upper limit TBC).

We currently expect the framework to be divided into three Lots. Lot 1 will provide strategy, appraisal and design services for projects above £1m. Lot 2 suppliers will be expected to provide simple appraisal and business case services, early supplier engagement to support optioneering, detailed design services, and construction works from a value of £1m to ~£5-10m. Lot 3 suppliers will be expected to provide business case services, early supplier engagement to support optioneering, detailed design services, and construction works from a value of ~£5-10m+.

It is currently proposed that all three Lots will be awarded on a geographic basis to serve the Environment Agency's regional hubs. Lot 1 and 2 will be divided between 6 geographic hubs. Lot 3 will also involve lots split geographically however the areas covered may be larger. Lot 3 may include the option for the authority to run mini competitions for higher value projects.

Interested suppliers are invited to complete the short Pre-Market Engagement Questionnaire, with submissions no later than 10am on the 17th of September 2024.

Please note this is different to the questionnaire issued in March 2024. This August 2024 questionnaire survey is specifically targeted towards construction suppliers. While it is still our assumption that CDF2 will include consultancy services, consultancy suppliers are not required to complete this survey. Ahead of commencing with the formal tender process, we will conduct further market engagement with all interested parties.

For access to the new questionnaire please contact: cdfreplacement@defra.gov.uk

II.2.14) Additional information

Suppliers are invited to register their interest for this opportunity by emailing cdfreplacement@defra.gov.uk with their company name, and contact details for a single point of contact within their organisation. Suppliers who register their interest will be invited to complete a short pre-market engagement questionnaire, available immediately until 10am on the 17th of September 2024. If you are viewing this notice after this date, please still register your interest via email. All suppliers who register their interest will be contacted about any future pre-market engagement events or initiatives. Suppliers who have already registered their interest do not need to re-register. However, if you wish to complete the further questionnaire, please contact cdfreplacement@defra.gov.uk

II.3) Estimated date of publication of contract notice

3 March 2025

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
