Section II: Object

II.1) Scope of the procurement

II.1.1) Title

DESIGN, CONSTRUCTION AND INSTALLATION OF A BARRIER QUALIFICATION CHAMBER FOR NEW PLUGGING MATERIALS FOR WELL-ABANDONMENT

Reference number

AU21/16

II.1.2) Main CPV code

- 38540000 - Machines and apparatus for testing and measuring

II.1.3) Type of contract

Supplies

II.1.4) Short description

The National Decommissioning Centre at the University of Aberdeen has identified that there is a need for a downhole testing facility with the primary purpose of evaluating the behaviour of new plug materials for well-abandonment. Existing and emerging alternative plugging technologies require a framework for validation and verification. A mobile test facility is to be built for this purpose.

The facility will have to mimic downhole conditions such as pressure and temperature and to allow a test tool to be deployed and activated before enabling a pressure test on the seal.
