These voluntary sector services provide tier 2 mental health support in the community across West Sussex, including employment support, individual and group interventions and telephone support.

This direct award of contracts is made in the context of identified patient need and pressures on the local mental health system, and as such supporting the requirement to align to the outcomes of the Long Term Plan. This alignment to the Long Term Plan (LTP) will enable delivery of targets outlined and associated expectations to invest in community services, and to reduce the number of people requiring emergency or urgent care due to effective supportive alternatives in the community.

## **Section VI. Complementary information**

### **VI.3) Additional information**

Please note: NHS England and Improvement have announced that the Sussex Health and Care Partnership, which is made up of all health and care organisations across East Sussex, West Sussex, and Brighton and Hove, has successfully met the criteria to become an Integrated Care System (ICS). An ICS is a way of working across health and care organisations that allows them to work closer together, to take collective responsibility of the health and wellbeing of populations across large areas.

It is not anticipated that the statutory responsibility or accountability of the individual health and care organisations working as an ICS will be affected, save for the expectation that CCG organisations will be abolished and functions transferred to the ICS. As a result of these intended healthcare reforms, the Contracting Authority(s) currently NHS East Sussex CCG/NHS West Sussex CCG/NHS Brighton and Hove CCG, may change during the life of the contract.
