Supplies

II.1.4) Short description

The University is engaging Disguise to supply Disguise hardware and software and the Production Team to be used at the CoSTAR National Lab.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £1,769,261

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKI - London

Main site or place of performance

London

II.2.4) Description of the procurement

The University is engaging Disguise to supply Disguise hardware and software and the Production Team to be used at the CoSTAR National Lab.

II.2.5) Award criteria

Quality criterion - Name: Please see Annex D / Weighting: 100

Cost criterion - Name: Please se Annex D / Weighting: 100

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The contract with Disguise Technologies Limited for the provision of Disguise Hardware & Software to the CoSTAR National Lab and 3 x Network Labs is part of the CoSTAR Network's ability to perform collaborative R&D, connecting CoSTAR network sites in Pinewood Studios, Abertay University, Ulster University and University of York.

The Disguise hardware and software provision is one of the core deliverables for the first 12 months of AHRC/UKRI funding. Without the ability to supply the Disguise hardware and software within scope, the funding of the CoSTAR National Lab could have been affected. The CoSTAR National Lab competition required bidders to provide commercial partners who would co-invest in the development of the lab, with a specific requirement to provide hardware and software as part of the competition. During an open call available to all universities and commercial creative industries, the University negotiated partnership with Disguise Technologies Limited as part of the bid. It is our view that if the University had not followed this approach the CoSTAR grant would have delayed, and deliverables put at risk. This partnership will allow CoSTAR R&D programme to collaborate and share data.

The Negotiated Procedure Without Prior Publication has been utilised for the above reasons.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract
