II.1.4) Short description

The Council has previously procured its milk and dairy products as part of a wider collaborative framework. The Council is however keen to ensure that food procurement aligns with the Councils ambition to be a zero-carbon county and its wider policies for decarbonisation and socially responsible procurement.

The Council has also undertaken a review of its supply requirements including lotting, supply chain resilience and distribution and delivery needs which has necessitated a stand-alone procurement process to reflect our revised needs. We have introduced an alternative lotting strategy to enable micro and Small Medium Enterprises to access this procurement process, to increase supply chain resilience for essential commodities and to reflect the distribution requirements and geographic extent of the County.

Section VI. Complementary information

VI.3) Additional information

Lots 3 and 8, ice cream, have not been awarded due to the low value and seasonal demand.

There has been a discrepancy with the value advertised to market and the true awarded contract value. The per annum contract value advertised to market was based on historic spend data while the estimated volumes and subsequent award are based on predicted future usage.
