Western Isles) in 8 bundles. Bundle 1 comprises 7 waste streams and candidates must be able to provide all 7 streams:

residual waste, DMR, glass, plastics, cardboard, paper, metal (cans). Bundle 2 is for confidential waste. Bundle 3 is for

food waste. Bundle 4 is for batteries. Bundle 5 is for fluorescent tubes. Bundle 6 is for bulky waste. Bundle 7 is for

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The additional demands of the Scottish Health and Social Care sector during the Covid-19 pandemic (and recovery of services) to maintain necessary supply and remove unnecessary disruption from the Authority at this time in line with Regulation 72(1)(b) of the Public Contracts (Scotland) Regulations 2015.

The priorities for NSS, NHS Scotland and likely those suppliers who would wish to be part of a tender process (due to severe market conditions) have changed, as a result it is a necessary step to delay start of new tender process necessitating a 12 month extension to current framework revising expiry to September 2023.
