# I.6) Main activity

Production, transport and distribution of gas and heat

## **Section II: Object**

### II.1) Scope of the procurement

#### II.1.1) Title

Fuel Cards and Charge Cards

#### II.1.2) Main CPV code

• 30163100 - Agency fuel cards

#### II.1.3) Type of contract

Supplies

#### II.1.4) Short description

#### Background

Cadent exists to keep the energy flowing. We are the UK's largest gas distribution network, owning four of the nine regional distribution networks and connecting 11 million homes and businesses through 82,000 miles of pipeline. We're proud to be at the heart of heat and we work closely with our communities to keep them safe, warm and connected, providing extra care for those who might need it in a gas emergency. We maintain, repair and replace gas pipes to ensure the safe and reliable flow of gas now and long into the future. We manage the national gas emergency number on behalf of the gas industry, responding to gas escapes and repairing leaks.

#### II.1.6) Information about lots

This contract is divided into lots: No

#### II.2) Description

#### II.2.3) Place of performance

**NUTS** codes

- UKD North West (England)
- UKF East Midlands (England)
- UKG West Midlands (England)
- UKH East of England

• UKI - London

#### II.2.4) Description of the procurement

Cadent is looking to the market for Fuel Card and Charge Card Solutions. Particular interest would be shown in identifying suppliers who are able to offer a unified approach to the two card types either through partnerships or ownership. Outlined requirements per type as shown below:

#### **FUEL CARDS**

Cadent wishes to partner with single or multiple providers of fuel card solutions offering nationwide access to forecourts. The ideal suppliers should have partnerships with supermajor fuel providers (e.g. Shell and BP) and supermarket chains (e.g. Asda, Tesco, Sainsbury's and Morrisons) across the UK. This will give our drivers greater geographical coverage for refuelling of HGV and commercial vehicles whilst on the road. Access to a wide variety of products and fuel types for use in our commercial vehicles, including engine oils, AdBlue and lubricants is also a requirement of the fuel cards.

#### **CHARGE CARDS**

In addition, we would require prospective suppliers to offer charge card solutions for the growing networks of electric vehicle charging, biofuels and hydrogen systems - National

coverage would be required for these networks. This will support Cadent's RIIO-2 commitments of zero emission vehicles by 2026.

In addition to the above, robust management information will be required in a timely and accurate manner, both on card allocation and usage, to help inform business decisions and

effective business management, as well as effective and proactive ongoing account management. Given the fast-moving changes in the market we reserve the right in the contract period to be able to work with winning supplier(s) to leverage new innovations in the marketplace where there is benefit in doing so.

#### II.2.5) Award criteria

Price

#### II.2.11) Information about options

Options: No

## Section IV. Procedure

### **IV.1) Description**

### IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

## IV.2) Administrative information

#### IV.2.1) Previous publication concerning this procedure

Notice number: <u>2022/S 000-024528</u>

### Section V. Award of contract

A contract/lot is awarded: No

## V.1) Information on non-award

The contract/lot is not awarded

Other reasons (discontinuation of procedure)

# Section VI. Complementary information

### VI.4) Procedures for review

#### VI.4.1) Review body

Cadent Gas Limited

Warwickshire

Country

**United Kingdom**
