II.2.4) Description of the procurement

Swindon Borough Council invites tenders from suitably qualified and experienced contractors for the provision new bus shelters to service 27 bus stops on a new public transport interchange for Swindon town centre. The redevelopment of Fleming Way is part of the wider town centre regeneration works and aims to create one inclusive bus

interchange that will accommodate all bus services in the town centre.

The aspiration is to provide low carbon bus shelters in terms of manufacturing processes, materials, lifecycle of the product, and eventual recycling of materials.

The bus shelters must be of high quality, contemporary but simple design, and something for Swindon to be proud of.

The bus shelters should be as environmentally friendly as possible in their manufacture, materials and whole life costs. It is essential to provide units which are low carbon (net zero if possible), with sustainable methods of construction and established 'green' company credentials, in line with the ethos of this project.

Full details relating to the provision of the bus shelters are supplied in the tender documents.

To participate, Suppliers will need to Register as a Supplier with ProContract, www.supplyingthesouthwest.org.uk, then Register an Interest before obtaining access to the tender documents. In the event of difficulties registering as a supplier, please refer to the System Administrator Proactis support team proContractSuppliers@proactis.com

Contract Period

The contract will be initially for a period of 10 months commencing 20th February 2023 as per the contract terms and conditions.
