The procurement is related to a project and/or programme financed by European Union funds: No

---

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

The Remotely Piloted Air Systems Team, part of the UK Ministry of Defence (“MoD”), intends to award a Contract to BAE Systems supporting both Protector and Watchkeeper Platforms. Both Teams currently use Trilogi Build software supplied by BAE, however, this package is uneditable and view only. Therefore, there is now a need for Trilogi Build+ licenses so that data can be edited. The contract duration is for 1 year from October 2023 until October 2024. It is considered that this contract can be placed using the negotiated procedure without prior publication pursuant to Article 28(1) (e) of Directive 2009/81/EC (Regulation 16(1) (a) (ii) of the UK Defence and Security Public Contracts Regulations 2011) for technical reasons.

As Trilogi Build is currently being supplied by BAE, the procurement is for an uplift of those licenses. BAES own the IP for Trilogi Build.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

---

## Section V. Award of contract/concession

### Contract No

708719450

## **Title**
