Services

II.1.4) Short description

Intent to Award Notice following PSR Competitive Procurement.

KCC have committed to completing 3800 CVD checks in workplaces in Kent, by the end of March 2025.

Kent County Council (KCC) is looking for a provider/s to deliver cardiovascular disease (CVD) checks in Kent workplaces following a successful grant application for the national Workplace Cardiovascular Disease Checks Pilot under the NHS Health Check programme.

The objectives of the national pilot are to:

1. Understand the benefit to business of delivering checks in workplace settings.
2. Test the feasibility of delivering NHS Health Checks or similar in workplaces and identify successful implementation approaches.
3. Detect more people at risk of CVD who are:
 - a. Eligible for an NHS Health Check but less likely to take it up (e.g. men and younger age groups).
 - b. Outside of the 40- to 74-year-old age range for the NHS Health Check Programme.
4. Compare the relative reported experience of different delivery approaches to inform future interventions.

The national pilot program aims to deliver up to 150,000 cardiovascular disease (CVD) checks in workplaces across England by end of March 2025. KCC is committed to a contribution of up to 3,800 CVD checks from within Kent.

These checks will spot the early signs of heart disease and provide people with the information they need to reduce their risk of having a heart attack, stroke or developing diabetes. The pilot will gather evidence on the feasibility and impact of workplace CVD checks. It will encourage employers to support people to stay well in work, by gathering and sharing learning on delivering CVD checks in the workplace.

This pilot complements wider government activity to promote workplace health; including

the WorkWell service that will link employment and health support at a local level, the expansion of access to NHS talking therapies and the expansion of MSK Hubs.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £195,000
