Scope

Reference

IA3588

Description

Staffordshire County Council require a Supplier(s) to provide the treatment, via anaerobic digestion, of separated domestic Food Waste, produced by the residents of Staffordshire, trade Food Waste collected by council operated services, and the marketing and/ or disposal of Outputs and Residues from the treatment process. The Supplier's Facility shall be able to accept domestic Food Waste from April 2026.

Staffordshire County Council is the Customer for lots 1a/b/c through to 8a/b/c, as it is the Waste Disposal Authority (WDA) for the WCAs who form those lots. For lot 9a/b/c only, Stoke on Trent City Council, as a Unitary Authority, will be the Customer and the lot area.

There are 3 delivery scenarios for each of the primary delivery points;

A - Council Direct Delivery of the Food Waste to the proposed Treatment Facility,

B - Council delivery of the food waste to a Supplier provided Waste Transfer Station (where the Supplier will take ownership of the food waste and ensure onward haulage to the proposed Treatment Facility),

C - Council delivery of the food waste to a Council provided Waste Transfer Station, where the supplier will collect the waste from and haul to the proposed Treatment Facility).

All scenarios are open for all lots. Scenarios should be separately bid for and therefore separately priced, per lot.

Description of risks to contract performance

The following clause will be added into the Framework Agreement/Spec to cover off Local Government re-organisation and is a known unknown risk applicable to this contract.

Local Government Re-organisation

1.1 In December 2024 the Government issued a White Paper on Local Government Re-Organisation entitled the "English Devolution White Paper".

1.2 In March 2025 Staffordshire County Council submitted their suggested re-organisation plan to the Government and are awaiting a response.

1.3 Final proposals will be submitted in November 2025 and implementation of the changes is expected by Government to be by 2028 at the earliest.

1.4 Whilst the expected impact of most changes to Local Government will be settled at Government Level (Change in Law) please be aware that it may be government policy or expedient that any affected party will be recommended to agree bi-lateral or multi-lateral changes to their existing contractual arrangements.

1.5 Updates on proposals and changes can be found on the Staffordshire County Council Website and at other media outlets

The parties agree that in the event of a Local Government Re-organisation: -

2.1 that reorganisation of local authorities may result in the transfer assignment or novation of this Agreement in whole or in part to a successor authority or successor authorities. Such transfer assignment or novation shall not constitute a breach or require consent and the [contracting party] consents to the transfer assignment or novation of this

Agreement in whole or in parts to any successor authority(ies) established under the local government reorganisation legislation and that as a consequence the obligations and rights under this Agreement shall continue to apply and be enforceable by or against any successor authority(ies) following a local government reorganisation; and

2.2 the parties acknowledge that if applicable the Transfer of Undertakings (Protection of Employment) Regulations 2006 may apply and agree to comply with all consequential and reasonable obligations arising thereunder

2.3 the parties acknowledge that any new organisation(s) may utilise or create and manage all and any existing or required framework agreements relating to the provision of the [goods and] services provided under this current agreement
