List and brief description of conditions

N/A

III.1.2) Economic and financial standing

List and brief description of selection criteria

Bidders must comply with the undernoted financial requirements in order to participate in the tendering process:-

There is a minimum financial requirement that affects trading performance, balance sheet strength and current liquidity. Financial requirements for trading performance and balance sheet strength should be calculated on latest filed accounts with Companies House

Trading Performance

An overall positive outcome on pre tax profits over a 3 year period. Exceptional items can be excluded from the calculation.

The above would be expressed in the ratio Pre-Tax Profit/Turnover.

Balance Sheet Strength

Net worth of the organisation must be positive at the time of evaluation and organisation must not be subject to an insolvency process.

Intangibles can be included for purposes of the Total Assets figure.

The above would be expressed in the ratio Total Assets/Total Liabilities.

If an applicant is only required to file abbreviated accounts with Companies House, then in the event of the company being successful in the procurement process, full set of accounts will be required in order to verify the above ratios have been complied with.

An applicant should have no outstanding issues, with regard to statutory filing requirements with Companies House.

Applicants who have been trading for less than the 3 years noted above must provide evidence that they are complying with the above minimum financial requirements for the period in which they have been trading.

Applicants who do not comply with the above financial requirements but are part of a Group, can provide a Parent Guarantee if the Parent company satisfies the financial requirements stipulated above.

Due to the potential negative financial consequences of the pandemic on company finances, Glasgow City Council also requires assurance regarding current liquidity of the bidding company.

The bidder must provide a Letter of Comfort from its own bank to satisfy the above financial requirement. If the pandemic has had an adverse affect on the latest set of accounts filed with Companies House, Glasgow City Council will take that into account in determining financial suitability for the contract.

The above, however, should not impinge on the financial viability of the company, as defined by the ratios set out in the above financial requirements.

Glasgow City Council reserves the right, at its own discretion, to seek such other information from the Bidder in accordance with Regulations 61(7) or Regulation 61 (8) of the Public Contracts (Scotland) Regulations 2015 to prove the Bidder's economic and financial standing

Applicants who are subsequently appointed to the DPS shall, during the lifetime of the DPS, inform the Council immediately of any material changes to the information provided in their submission in relation to economic and financial standing. The Council notes Regulation 60(9) and 60(11) of the Public Contracts (Scotland) Regulations 2015 and reserves the right to refuse to award a contract following a tender should the Applicant no longer meet the requirements set out in this SPD.

Any Bidder that fails to achieve or exceed the criteria as stated above will be excluded at this stage

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Glasgow City Council (“the Council”) must, by notice in writing as soon as possible after the decision has been made, inform all tenderers and candidates concerned of its decision to award the contract, conclude the framework agreement or establish a dynamic purchasing system. The Council must allow a period of at least the relevant standstill period (where the notice is sent by facsimile or electronic means the period is 10 days ending at midnight at the end of the 10th day after that on which the last notice is sent, when sent by other means the period is 15 days) to elapse between the date of despatch of the notice referred to in Regulation 85(1) of the Public Contracts (Scotland) Regulations 2015 (“the Regulations”). The Council is obliged to comply with the Regulations and any eligible economic operator can bring an action in the Sheriff Court or the Court of Session where as a consequence of a breach by the Council, suffers or risks suffering loss or damage. The bringing of court proceedings during the standstill period means that the Council must not enter into the contract, conclude the framework agreement or establish the dynamic purchasing system unless the proceedings are determined, discontinued or disposed of; or the court, by interim order, brings to an end the prohibition. The bringing of court proceedings after the standstill period has elapsed and the remedies that are available to the courts are detailed in the Regulations. Economic Operators can write to the Council seeking further clarification on the notice, to which the Council must respond within 15 days. Economic Operators should be

mindful to seek their own independent legal advice when they consider appropriate to do so.
