II.1.4) Short description

The Coal Authority will be seeking to let a Manned Security Services contract for its headquarters in Mansfield ahead of the existing contract ending on 30th March 2024.

The duration of the proposed contract is expected to be 3 years with an option to extend for a further year.

The contract will be to provide comprehensive security services at the Coal Authority headquarters in Mansfield which comprises of 3 main buildings and the associated grounds.

The service required under this contract shall be;

- Services will be required 52 weeks a year including bank holidays with the following shift patterns likely to be:

o 16:30pm - 08:45am Monday to Thursday

o 16:00pm - 08:00am Friday to Saturday AM.

o 24 hours at weekends and bank holidays

- Permanent pool of suitably SIA licenced / DBS checked guards with a bank of relief guards that can step-in as and when required.

- Use of relief guards will need to be agreed and there should be no disruption to the service with immediate relief cover to be provided within 1 hour.

Anticipated duties of the guards will include but not limited to:

- Fence Perimeter checks of the estate
- Key-holding including unlocking/locking of gates out of hours to allow access for vehicles
- CCTV and alarm monitoring of the site
- Internal and external patrols / walk-around of the headquarters buildings
- Participating in monthly fire-checks and business continuity review, exercises and training
- Participating in site inductions / refresher training
- Participating in contract management meetings and relevant joint-audits
- Completion of incident reports including Health, Safety and Wellbeing
- Out of hours pool car management
- Office Refreshment stock-up
- Closing / opening of window blinds
- Operating and managing the site for weekend events

Lone working will be likely in the operation of the service so access to mobile patrol and regular check-calls will be needed.

Due to the 24/7 nature of operations of the Authority and it being a Category 2 Responder under the Civil Contingencies Act 2004, access will be required to the site at all times for all Authority staff.

A wider review of the security operations/requirement will be carried out over the next 12-24 months which may include amendments to equipment and resources which the successful tenderer will be involved in.

Two key focuses of the future contract will be a focus on the staff morale, wellbeing and development as well as sustainability as the Authority seeks to become net-zero by 2030 to which the delivery of this service will be play a part in.

Tupe will likely apply to these services, this will be confirmed in the future tender documents.
