Section II: Object

II.1) Scope of the procurement

II.1.1) Title

HE1457 Ground Intrusive Surveys Spring 2022 (Chippenham Futures)

Reference number

DN578466

II.1.2) Main CPV code

- 45120000 - Test drilling and boring work

II.1.3) Type of contract

Works

II.1.4) Short description

Wiltshire Council require Intrusive Ground Investigation Surveys to be undertaken by an experienced Ground Investigation Contractor to the south east of Chippenham. The work will include specified field tests to determine the geotechnical properties and characteristics of the various strata present along the length of the proposed distributor road.

The Ground Investigation Contractor will act as the Principal Contractor for the works and safely coordinate activities on site.

The ground investigation surveys are required to enable the collection of ground information including; constancy, strength and strata composition as well as samples for laboratory testing, contamination extents and ground water data for use in the design of the new road section. Intrusive works shall comprise borehole drilling, trial pit excavation and Cone Penetration testing.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 71351500 - Ground investigation services
- 71355000 - Surveying services
- 71510000 - Site-investigation services
- 71900000 - Laboratory services

II.2.3) Place of performance

NUTS codes

- UKK15 - Wiltshire CC

II.2.4) Description of the procurement

Wiltshire Council require Intrusive Ground Investigation Surveys to be undertaken by an experienced Ground Investigation Contractor to the south east of Chippenham. The work will include specified field tests to determine the geotechnical properties and characteristics of the various strata present along the length of the proposed distributor road.

The Ground Investigation Contractor will act as the Principal Contractor for the works and safely coordinate activities on site.

The ground investigation surveys are required to enable the collection of ground information including; constancy, strength and strata composition as well as samples for laboratory testing, contamination extents and ground water data for use in the design of the new road section. Intrusive works shall comprise borehole drilling, trial pit excavation and Cone Penetration testing.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

12

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No
