I.6) Main activity

Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Severn Trent Water AMI Meters for AMP8

II.1.2) Main CPV code

- 38421100 - Water meters

II.1.3) Type of contract

Supplies

II.1.4) Short description

Severn Trent Water and Hafren Dyfrdwy are looking to appoint

a framework contract to a partner(s) for the provision of our AMP8 Smart Metering Solution.

Our AMP8 programme will assist in achieving our strategic goals in terms of reducing Per Capita Consumption and Supply Side Leakage. This will be for our Household and Non Household customers.

The service requirements in scope are:

- Meter Hardware and network connectivity services.
- Installation, exchange and maintenance works.
- Data architecture if required to link to our MDMS.

The Utilities are looking to deliver the AMP8 programme of 780,000 meters between May 2025 and April 2030.

We may exercise the option to extend the contract into AMP9.

The selected supplier(s) will provide us with:

- Meter assets including a communication module that connects to an IoT network.

- Responsibility of the IoT network and corresponding data to be delivered to the Utilities servers on a daily basis.

The above two requirements will be contracted as one contract on a lead bidder basis.

Under a separate contract, installation, exchange and maintenance services are required for new and existing meter customers.

There will also be the option to bid for all requirements as a managed service.

II.1.5) Estimated total value

Value excluding VAT: £200,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Lots 1 & 2 to be awarded together Lot 3 to be awarded instead of Lot 1 & 2 under certain circumstances.

II.2) Description

II.2.1) Title

Meter Hardware and Network Connectivity Services

Lot No

1

II.2.2) Additional CPV code(s)

- 32260000 - Data-transmission equipment
- 32430000 - Wide area network
- 32570000 - Communications equipment

- 38421100 - Water meters

II.2.3) Place of performance

NUTS codes

- UKG - West Midlands (England)
- UKL - Wales

II.2.4) Description of the procurement

STW are looking to work with a solution provider(s) for Smart Metering with experience in supplying meters, network connectivity services and data. This may entail the provision of infrastructure, which will also be the responsibility of the selected supplier.

The aim is to provide hourly data from each meter on a daily basis to STW information systems.

Please see the documents already made available for further information

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

Yes

Description of renewals

Data to be provided beyond the 5 year term if required.
