Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Multi Agency Incident Transfer (MAIT)

Reference number

DN579990

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

Following recommendations from the Grenfell Inquiry, the Fire Sector are seeking a supplier to provide connections to the Multi Agency Incident Transfer (MAIT) hub, with a messaging solution to allow the sharing of critical incident information between blue light control rooms and other agencies.

The resultant contract shall provide for both replacement and new installations of MAIT hub and spoke solutions for all 33 English Fire and Rescue Services (FRS) Control Rooms.

Potential suppliers will be expected to have knowledge of the MAIT protocols and either have developed, or be developing, potential MAIT solutions for Emergency Services.

Please see:

<https://www.gov.uk/government/publications/open-standards-for-government/multi-agency-incident-transfer> for further information.

Kent Fire and Rescue are acting as the lead Authority on behalf of the sector, and the Commercial Model is still to be determined, and will be finalised following Supplier Engagement.

This Prior Information Notice is a call for interest from potential suppliers. The sector intends to hold a Supplier Engagement Day w/c 6th December, with further details to follow.

The proposed publication date for the tender shall be February 2022.

Please visit the Kent Business Portal www.kentbusinessportal.org in order to express an interest in this opportunity, and obtain further information on the Supplier Engagement Day in due course.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The strategic objectives of this work include, but are not limited to:

- To lead digital and data solutions to drive transformation. This will enable services to improve the way they collect, store, use and present data, manage information, and make best use of digital technology.
- Ensuring that FRS's respond effectively when our customers need us;
- Providing an enhanced emergency response alongside Police and Ambulance partners;
- Improving services whilst making efficiency savings and minimising risk;

The intention of the sector is initially to roll out MAIT in two Phases.

Phase One shall include the provision of a connection to the MAIT hub for each Fire and Rescue Control Room. This shall be a phased roll out over a defined period of time yet to be determined.

Phase Two shall include each Fire and Rescue Control room to determine the level of MAIT integration they are able to accept, ranging from a stand alone solution, to semi-integrated, and finally fully integrated. The successful supplier shall work with each local control room to install and configure the MAIT solution.

II.3) Estimated date of publication of contract notice

14 February 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
