Main site or place of performance

SE1 4YB

II.2.4) Description of the procurement

NHS London Procurement Partnership are preparing to develop a new Framework Agreement for the provision of Facilities Management Service Solutions, to replace the soon to expire TotalFacilities Management Framework Agreement (April 2022). Please note that there are currently plans to issue a competition under the new framework to which this PIN refers, for the delivery of Hard FM services for Imperial College Healthcare NHS Trust in April 2022. Any suppliers interested in bidding for that contract should engage with the procurement of this framework to ensure they have a chance to do so.

II.2.14) Additional information

NHS LPP are looking for input from Facilities Management suppliers to inform their new Framework to ensure that it is fit for the next 4 years so it would be greatly appreciated if you could respond.

II.3) Estimated date of publication of contract notice

8 November 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

NHS London Procurement Partnership are preparing to develop a new Framework Agreement for the provision of Facilities Management Service Solutions, to replace the soon to expire Total Facilities Management Framework Agreement (April 2022). The current framework agreement has the following LOT breakdown, Lot 1 – Total Facilities Management Lot 2 – Hard Facilities Management Lot 3 – Soft Facilities Management (with optional Waste Management & Linen & Laundry Services) Lot 4 Cleaning Services (inc window, pest control Grounds Maintenance) Lot 5 Catering Services Lot 6 Security Services (including option for integration with Security System Maintenance) Lot 7 – Portering Services NHS LPP are looking for input from Facilities Management suppliers to inform their new Framework to ensure that it is fit for the next 4 years so it would be greatly appreciated if you could respond to the following questions: 1. What do you see as the key issues for supply chain resilience in labour, materials and transportation that LPP should address in specifications and documentation? 2. Do you have a roadmap to reach net-zero greenhouse gas emissions in Facilities Management? If so how do you see this impacting specifications and service? 3. What are the latest innovations in the Facilities Management that that you feel should be reflected in specifications for these services to add value for contracting authorities? 4. As you may be aware there is a requirement for NHS tenders to include Social Value as a selection criterion from April 22, can you provide details on your Social Value capabilities so that we can include this in the framework. For reference, aspects of social value in existing contracts may be referred to in relation to the National Social Value Measurement Framework Themes, Outcomes, and Measures (TOMs) 5. What do you see as the continual case for outsourcing of FM functions in light of the above and post the Covid pandemic, 6. How do you believe that FM providers can promote localisation through engagement with SMEs and other aspects of the local community? 7. (Optional) Do you consider Total FM services with one lead supplier a viable route for the NHS and briefly summarise the key benefits and/or drawbacks. Suppliers can add any additional comments that they may have on the proposed lot structure, for example or any other matter. NHS LPP may require further clarification so would like to reserve the right to set up individual meetings with suppliers to further clarify points made. Please note that there are currently plans to issue a competition under the new framework to which this PIN refers, for the delivery of Hard FM services for Imperial College Healthcare NHS Trust in April 2022. Any suppliers interested in bidding for that contract should engage with the procurement of this framework to ensure they have a chance to do so. Please respond by 14th December 2021 to Simon.Williams@lpp.nhs.uk / risha.mehta@lpp.nhs.uk
