Staff will rapidly and assertively reengage/engage people with mainstream services using agreed fast track referral processes and accessing same/next day prescribing.

The service will operate with a mix-skilled staff team to identify, respond and engage with individuals as close to the crisis point as possible. It will provide a fast, short, and focused response to Near-Fatal Overdose (NFO) in 24/48 hours, delivering harm reduction intervention, including Injecting Equipment Provision (IEP), Naloxone kit, Overdose Awareness and links with mainstream services, statutory and third-sector organisations.
