II.2.4) Description of the procurement

Health Education England (HEE - the Commissioner) are putting out this notice as a PIN (Prior Information Notice) with a view to completing a Direct Award. Please note the contracting authority intends to direct award the contract to the Health and Care Professions Council (HCPC). The case for direct award can be found on the tender portal. Health Education England (HEE) considers that the HCPC is the only organisation

capable of providing the support required to meet the specific requirements of the HEE National AHP Workforce Reform programme about AHP workforce data and intelligence and international recruitment which relate to their statutory regulatory functions. The HCPC is the only possible supplier delivering these regulatory functions and with access to data and associated expertise to assist HEE in fulfilling Mandate deliverables and actions of UK government policy including the Long-Term Plan and People Plan.

Deliverables The specific deliverables of the award are summarised below. To increase capacity to provide regular reporting of workforce data to support AHP workforce reform programme deliverables. To support process development and increase capacity to accelerate the assessment and registration of international applicants to meet international recruitment targets.

Rationale for selection of supplier HEE believes that it is highly unlikely for any other supplier to be able to provide the expertise provided by the HCPC as a supplier for the following reasons: As the professional regulator for the AHP professions, the HCPC solely delivers the statutory functions of registering and regulating AHPs including assessing and registering internationally qualified AHPs. As the professional regulator for the AHP professions, the HCPC collects and stores data on the AHP workforce which is not collected and cannot be readily accessed by other suppliers. The HCPC has a track record of constructive engagement with HEE and service providers on workforce development activities. This includes previously supporting the DHSC and an Ambulance Service NHS Trust with an international recruitment exercise to tackle workforce challenges. The financial envelope for the contract is £897,077
