Services

#### **II.1.4) Short description**

The aim of this service is to increase sufficiency of high quality placements to enable children and young people to remain as close to their home community as possible.

This is based on the principle of accessing the right placement at the right time. Placements offer an asset-based model of service, where the child or young person is supported to achieve positive outcomes, with a focus on supporting placement stability and Permanence.

The Flexible Purchasing System aims to achieve improved value for money for placing authorities through greater transparency of pricing and competition through call-off. The proposal is for this to be a continually open purchasing system, the aim to speed up the process for new homes to become available for placements by the authorities.

### **II.2.4) Description of the procurement**

This Lot is intended to allow commissioners to design, and with the Suppliers, deliver bespoke services designed to meet complex needs that are not easily met through standard residential care. One way could be through a competitive conversation (detailed within Schedule 3B of the FPS Agreement) to enable specialist support to be put in place in response to a child or young person's individual needs, with additional elements reflected within the individual placement agreement (IPA). This type of approach will also create scope for targeted, developmental work with our Suppliers to develop a multi-disciplinary model of residential assessment provision for children and young people in crisis, which will focus on meeting the needs of children who experience high placement

instability.
