Early Market Engagement Event – Webinar Online An Early Market Engagement (online Webinar) event is being held on Thursday 18 November 2021 at 10:30am. This is a fantastic opportunity for contractors to meet the teams responsible for the programme of investment and learn more about the diversity of Thirteen's work and the added value its teams deliver to customers, their communities, and the wider area. Thirteen is inviting contractors to register their interest in a new partnering framework, to deliver the company's focussed Capital Investment Programmes over the next four years. Thirteen is ensuring that this Early Market Engagement process is run in a fair and transparent manner. Any relevant information made available in this process will also be made available during any later procurement process. The work will include all aspects of component renewal and general property refurbishment, with energy efficiency and environmental work across priority estates, with a total investment of around £100m (excl VAT). Please confirm your attendance at the Early Market Engagement by email to steve.barford@thirteengroup.co.uk
