Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

PRO004566-Services-Contract-River Dee Monitoring

Reference number

PRO004566

II.1.2) Main CPV code

- 71600000 - Technical testing, analysis and consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

United Utilities will be delivering a tender on behalf of the Dee Steering Committee (DSC). The Committee Group members are 4 water companies: United Utilities, Dwr Cymru Welsh Water and Dee Valley Water PLC+.

By undertaking pre market research, the Company can then evaluate the current market capability.

The River Dee is a critical supply of drinking water for many people in the North West of England and North Wales. Pollution is an ever-present risk. The intensive monitoring regime mitigates the risk as long as it is kept up-to-date. The water companies working together closely with NRW have been successful in managing the risk for more than 25 years.

The scope of the services involve taking potable water from the River Dee and monitoring of water at specific points along the River Dee.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 38341500 - Contamination-monitoring devices
- 38500000 - Checking and testing apparatus
- 71620000 - Analysis services
- 71700000 - Monitoring and control services
- 38344000 - Pollution-monitoring devices
- 71600000 - Technical testing, analysis and consultancy services

II.2.3) Place of performance

NUTS codes

- UKD - North West (England)

Main site or place of performance

North West

II.2.4) Description of the procurement

This Tender is being let by the Dee Steering Committee (DSC) on behalf of the Water Companies taking potable water from the River Dee and is for the monitoring of water at specific points in the River Dee. United Utilities are running this tender on behalf of the DSC, and the DSC is made up of United Utilities, Dwr Cymru Welsh Water and Dee Valley Water PLC.

The river Dee is a critical supply of drinking water for many people in the North West of England and North Wales. Pollution is an ever-present risk. The intensive monitoring regime mitigates the risk as long as it is kept up-to-date. The water companies working together closely with NRW have been successful in managing the risk for more than 25 years.

The scope of this procurement is to provide sampling services, associated reporting, operating three river bankside stations and pollution incident reporting.

II.2.14) Additional information

This PIN is a request for information only at this stage. A future procurement is planned and we estimate the Contract Notice will be published January 2022

II.3) Estimated date of publication of contract notice

9 November 2021
